

CLIENT'S RESPONSIBILITIES

The client's responsibilities to the agency are as follows:

- To provide an accurate and complete medical history
- To engage a physician, if necessary and remain under medical supervision
- To communicate changes in the plan of care to agency staff
- To follow through on the established emergency plan
- To treat agency personnel with dignity, courtesy and respect
- To notify the agency of any scheduling changes
- To supply medication, equipment or supplies that the agency is unable to provide
- To inform the health care provider of complications or side effects of prescribed treatment
- To provide accurate insurance and/or financial information
- To notify the agency of any changes in the physician or insurance coverage
- To be available for visits/service as planned
- To keep Assured Home Nursing Services folder in an accessible place for our staff
- To notify the office if you are admitted in the hospital
